In the case of child custody, who has primary custody of your child? _____

Are there any legal matters that we need to be made aware of? (i.e. order of protection, etc.)

Child's place of residence:

How would you describe your child's temperament/personality? _____

Does your child have any fears or worries you would like us to be aware of? _____

What are your child's bathroom habits? What words does your child use for toileting?

Does your child nap? Yes _____ No _____ N/A _____

If potty trained, does your child require a diaper or pull up during nap time? Yes _____ No _____ Describe your child's napping habits? _____

Napping or resting on a cot or mat is a requirement for enrollment in both toddler classrooms. Please sign the attached napping agreement required by the state if your child will be napping.

Food restrictions: _____

Allergies: _____

Please let us know if your child uses an epi pen, inhaler or has any special medical needs _____

Schools play an important role in the health and well-being of children. Children with a diagnosed allergy rely on their caregivers to prevent exposure to allergens and have a plan in place in the event of an allergic reaction. Some children may experience events such as an insect bite or exposure to a new food for the first time while at school, which could result in an unexpected allergic reaction. Epinephrine is the first line drug of choice for the emergency treatment of severe allergic reactions. NYS Office of Children and Family Services has partnered with Health First, the authorized distributor of AUVI-Q, an epinephrine auto injector, to provide licensed centers with staff who have completed an online training course on anaphylaxis with three auto injectors, one in each of the following weight class: Infants/Toddlers 16.5-33lbs; Child 33-66lbs and Older child/Adult over 66lbs. There is no medical reason for trained staff to withhold administration of an epinephrine auto injector when anaphylaxis is suspected. We are grateful to have these non-patient specific auto injectors on premise. Please sign below that you have read and understand the information above and understand that if your child experiences an allergic reaction in which anaphylaxis is suspected, an AUVI-Q epinephrine auto injector will be utilized, followed by a call to 911 and then to a parent/guardian or someone designated on your emergency contact list.

Parent/Guardian signature: _____

Date: _____

Members of the family that reside with your child (include your pets):

Names Ages Sex

What language(s) are spoken in your home? _____

Are there any special family traditions or cultural customs you would like us to know about? _____

Please describe your child's previous experience in group settings (child care, play groups, etc.) _____

Special interests (What does your child enjoy doing?) _____

What would you like your child to gain by attending nursery school?)

Do you have any development concerns about your child?

If so, has your child been evaluated yet? Yes _____ No _____

State when and where testing has occurred. What were the findings of the evaluations (attach copies of the evaluations)? If services were rendered, state by whom and where and how often services occurred.

Please know that any information obtained is held in strict confidence. Thank you.

How would you like to participate in our Funshine community or with your child's class? _____
